PRACTICAL LIVING IN CHRIST HUMANITARIAN FOUNDATION.

The only necessary thing for the triumph of evil is for good people to do Nothing!!!

My missionary awareness of the conditions and needs of the people of our time and our wholehearted response to them should animate our lives more and more to respond to the signs of our times in creative fidelity to the charism entrusted to us by God.

The challenges that face our contemporary society are many: poverty, diseases like Covid-19, HIV-AIDS, unemployment, human trafficking, kidnapping, child labour, prostitution, deprivation of freedom, false democracy, ignorance, high rate of out of school children, destruction of public properties, lack of truth, injustice, banditry, climate change, abortion, euthanasia, terrorism, divisions along religious, tribal and social lines and the list can go on.

Beyond this awareness, we are all called to weigh the issues carefully and to provide a practical and evangelical response to them as our own contribution to rebuilding the human society and humanity at large.

It is against this background we celebrate the birth of this new foundation: PRACTICAL LIVING IN CHRIST HUMANITARIAN FOUNDATION!

The emergence of this ***NEW FOUNDATION*** would not be a surprise to all who know me and have been following my mission for the past **16 YEARS**. This is coming out as a ***FRUIT*** of my missionary endeavors among the poor, the needy, the most vulnerable and also, my quest to see a better society where sincere dialogue and preservation of creation could reign supreme. Please do help keep this passion afire and the vision alive!
